The Syringa blends style, functionality, and versatility into a spacious two-story design. The main level features an inviting great room that flows into the dining area and kitchen, creating a central hub for gatherings and daily living. A dedicated office at the front of the home offers the perfect place to work, study, or manage household tasks. The covered outdoor living area extends your entertaining space into the fresh air.

Upstairs, the primary suite is a relaxing retreat with a walk-in closet and a private bath. Three additional bedrooms, a full bath, and a large bonus room provide plenty of space for family, guests, or hobbies.
